6.2 Surveillance Cameras on private property

6.2.1 Jennifer Weber

Ms. Weber spoke to council and expressed her concerns with personal security cameras being directed onto her property from neighboring yards. She stated that in her particular circumstance the Ontario Provincial Police advised that without a regulating by-law there was not much that could be done to protect her from what she viewed were intrusions of privacy. To that end Ms. Weber advised that she had researched the issue and that there was authority under the Municipal

Act for municipalities to regulate against "excessive fortifications of land" and she cited several municipalities that currently had regulating By-laws in place. She asked Council to support Councillor Garon's motion to develop such a By-law for the Town of Essex.

6.2.2 Ryan O'Connor

President of South Point Communications

RE: Surveillance cameras installed on private property

Mr. O'Connor who installs such cameras as part of his business advised Council that when such cameras are professionally installed proper consideration is given to boundaries and security settings to help ensure there are no undue or intentional intrusions into neighboring properties. He further stated that such cameras are important to homeowners for security reasons but proper consideration should always be given to privacy concerns as well.

6.2.3 The following Notice of Motion was presented at the November 16, 2020 Regular Council Meeting and has been brought forward this evening for Council's consideration

Councillor Garon

RE: Adoption of a new by-law with respect to surveillance cameras

15. Notices of Motion

15.1 The following Notice of Motion is being presented only this evening and will be brought forward at the December 21, 2020 Regular Council Meeting for Council's consideration.

15.1.1. Councillor Bondy

RE: Bill 229 Conservation Authorities Act

WHEREAS the Province has introduced Bill 229, Protect, Support and Recover from COVID 19 Act - Schedule 6 – Conservation Authorities Act;

WHEREAS the Legislation introduces a number of changes and new sections that could remove and/or significantly hinder the conservation authorities' role

in regulating development, permit appeal process and engaging in review and appeal of planning applications;

WHEREAS the changes allow the Minister to make decisions without CA watershed data and expertise;

WHEREAS the Legislation suggests that the Minister will have the ability to establish standards and requirements for non-mandatory programs which are negotiated between the conservation authorities and municipalities to meet local watershed needs;

WHEREAS municipalities require a longer transition time to put in place agreements with conservation authorities for non-mandatory programs;

WHEREAS municipalities believe that the appointment of municipal representatives on CA Boards should be a municipal decision; and

WHEREAS changes to the legislation will create more red tape and costs for the conservation authorities, and their municipal partners, and potentially result in delays in the development approval process

THEREFORE BE IT RESOLVED

THAT the Province of Ontario work with conservation authorities to address their concerns by repealing and/or amending changes to the Conservation Authorities Act and the Planning Act;

THAT the Province of Ontario delay enactment of clauses affecting municipal concerns;

THAT the Province of Ontario provide a longer transition period up to December 2022 for non-mandatory programs to enable coordination of CA-municipal budget processes;

THAT the Province respect the current conservation authority/municipal relationships;

AND THAT the Province embrace their long-standing partnership with the conservation authorities and provide them with the tools and financial resources they need to effectively implement their watershed management role.
