To the Town Council of Essex,

I am writing as a resident and parent in support of the pickleball court on Lake Crest Court.

As a mother, I know firsthand how important it is to have accessible and engaging ways for children to stay active. The pickleball court provides my children—and others in our community—with a safe, fun space to play, learn sportsmanship, and build lifelong healthy habits. In an age when screens dominate much of our time, opportunities like this are invaluable.

Beyond the physical benefits, this court serves as a catalyst for community building. Pickleball is uniquely social, drawing in players of all ages and skill levels. Whether it's friendly matches between neighbours or organized family events, this space brings our community together in a meaningful way. It's not just about sport—it's about connection.

Lake Crest Court offers a thoughtful location for the pickleball court, close to local families and perfectly suited for a positive addition to our neighbourhood. I hope you'll consider the positive impact this project brings—not just in terms of sport, but in fostering community spirit and enhancing local quality of life.

My family feels incredibly fortunate to be part of a community where neighbours look out for one another and where opportunities like these are thoughtfully created to enrich our lives. Thank you for your attention and your continued investment in Essex's future.

Sincerely,

Allison, Eric, Zoe and Lily Campbell
