Dear Katie and Santa's village committee,

I would like to formally step down from my role as a committee member for the 2025 season. It has been a privilege to serve alongside the team, and I truly appreciate the opportunity to contribute.

If circumstances change and there is still room available for the 2026 season, I would be open to considering a return.

I remain supportive of the committee's work and wish you all continued success moving forward.

Sincerely,

Derek Knapp
