I would like to see the Old School preserved and used what it was originally bought for. At the time I remember going there and filling out a paper for ideas for it to be used as a meeting or community space. Do we really need STR? Let's keep it for a historical reminder of what once was.

We don't need a place for more partying or people who don't care about our little village. Let's keep the green space whether it's used for community gardens or something else.
