**That** By-Law 2111 being a by-law to provide for the Bassett Drain: Replacement Bridge and Enclosure for 730-01300, Geographic Township of Colchester South, Project REI2021Doo8, be read a first and second time and be provisionally adopted on January 17, 2022.

## **Purpose**

A Court of Revision is required in accordance with Section 46 of the Drainage Act, R.S.O. 1990, Chapter D. 17, as amended 2010 (hereinafter the "Drainage Act").

## **Background and Discussion**

Rood Engineering Inc. was instructed by the Town of Essex on or about April 23, 2021 to prepare a report for the above Bassett Drain, pursuant to Section 78 of the Drainage Act.

On November 16, 2021 the Report was prepared by Rood Engineering Inc. to provide the details, estimates and assessments therein.

A Consideration Meeting for this Report was held on December 16, 2021. At this meeting the Drainage Board received public correspondence/delegations (if applicable) and heard the various concerns or comments made by those who attended. At this meeting the Drainage Board resolved and recommended that the said Report be adopted and that a provisional By-Law be prepared for Council's consideration (see Drainage Board minutes from the December 16, 2021 consideration meeting, which minutes are included under Item 14 of the January 17, 2022 Regular Council Meeting Agenda).

### **Appointment of Court of Revision Members:**

The Court of Revision is to be comprised of three (3) members of the Drainage Board and so accordingly it is recommended that Court of Revision members when required to be convened shall be appointed on a rotating, alphabetical order basis. If an appointed member is not available then that appointed member shall be replaced by the next available member of the Drainage Board (based on the aforementioned rotating, alphabetical order basis).

It is therefore recommended that Kirk Carter, Janice Dougherty and Felix Weigt-Bienzle be selected and appointed to sit as the Court of Revision for the Bassett Drain: Replacement Bridge and Enclosure for 730-01300.

It is further recommended that By-law 2111 adopting the recommendations in the Rood Engineering Inc. Report dated November 16, 2021 be provisionally adopted so that this project can proceed to the Court of Revision specified in this report.

The Court of Revision is the next step in the process in accordance with Section 46 of the Drainage Act, R.S.O. 1990, Chapter D. 17, as amended 2010.
