So I have RSVpd to the April 14th meeting

But due to our return to in person meetings I will not be able to continue my commitment to the drainage Board.

I do believe in person meetings are important and I am glad to see their return.

However I spend more days on pelee island than I do at home during the farming season and it's just not something I will be able to make work anymore

I can attend the April 14th meeting and participate, but I'll sign a resignation letter or whatever is required in person after the meeting is over or during meeting minutes whatever is proper procedure

Thanks

Luke Martin
